■ Pro Tips — How to Get Cheapest Rate from Any Mill	
WhatsApp First	Pakistani mills respond faster to WhatsApp than email. Message in Urdu if you can — builds more trust.
Visit Kamoke G.T. Road	80% of mills are on this single road — one visit = 10+ quotes in one day. Best done in morning.
Ask REAP Membership	Always confirm REAP membership — it means the mill is a verified, registered rice exporter.
Request Free Sample	Ask for 1–2 kg sample before any order. Serious mills always agree. Check moisture, smell, color.
Get 3+ Quotes	Contact minimum 3 mills and show competing quotes — use them to negotiate lower price.
Off-Season = Cheapest	Oct–Jan (after rice harvest) — prices are 10–15% lower. Best time to lock in annual rates.
Pay Advance = Discount	Offer 40–50% advance payment — mills typically give 3–5% price discount for cash/early payment.
Visit Mill Physically	Before first order, visit mill in person or send local agent — verify facility and stock.
Negotiate Per MT	Always quote and compare in USD per MT FOB Karachi — easier to compare across mills.

Specify Grade Clearly

State exact specs: broken %, moisture max, grain length, bag size — prevents disputes later.
